## BRASS MALE/FEMALE SWIVEL ELBOWS

### MFE1C

Brass 1/2" BSP Male x 1/2" BSP Female Swivel Elbow (Chromed)

- ✓ Aesthetically designed for any fit-off where you can see the connection between a fitting and the flexi hose (eg: under a vanity).
- ✓ Compact design (saves altering back walls of drawers to accommodate protruding fittings).

### MFE2

Brass 3/4" BSP Male x 3/4" BSP Female Swivel Elbow

- ✓ Tight radius 20mm M & F swivel elbow.
- ✓ Useful for connecting hot water cylinders in confined spaces, connecting to gas units and water meters.
- ✓ Small versatile fitting.
